

# COLLEGE OF ARTS, SCIENCES, AND EDUCATION

---

The College of Arts, Sciences and Education is the largest college in the university and includes programs in Liberal Arts and Education. Graduate degrees include Adult Education, Curriculum and Instruction, Instructional Technology, and Education Administration. In addition, several minors and a variety of teacher certification programs at the graduate, and post graduate levels are available. The College of Education and Liberal Arts proudly boasts the first doctoral program in Education Leadership.

## Mission Statement

The mission of the College of Arts, Sciences and Education is to prepare lifelong learners who embrace diversity, think critically, communicate clearly, and lead effectively in a global society. To support this mission, the college faculty selected ten goals, all of which focus on quality service and education for the students. The faculty in College of Education and Liberal Arts are committed to providing the students with a strong academic foundation to prepare them for life. We hope that you will consider joining us and taking advantage of the outstanding education opportunities at Texas A&M University-Texarkana!
