

BBA-SUPPLY CHAIN MANAGEMENT CONCENTRATION

Skills acquired via the Supply Chain Management (SCM) concentration are in high demand. By completing a degree in Supply Chain Management, students will set themselves apart to succeed in business. Students will develop analytical skills in learning about inventory management, logistics, quality, purchasing, and transportation. Students in supply chain management have the opportunity to learn and then subsequently return value to both their own personal investment portfolios or to grow their company business.

The sky is the limit in Supply Chain Management. SCM provides an exciting and rewarding path of study in which students learn skills which directly lead to increased business profitability. Careers in SCM take many paths and end up with a multitude of career options.

Degree Requirements

Students should refer to their DegreeWorks degree audit located in their Digital Backpack for more information regarding their specific degree requirements.
